## Summary

Certified Web Developer with 7+ years of experience who is comfortable working with HTML, CSS, Liquid, MySQL, Tailwind, Materialize, SaaS, Semantic UI, Bootstrap, JavaScript, and Laravel. And specializes in responsive, mobile-friendly websites, crafting custom themes, modifying existing themes and plugins, optimizing SEO, and writing custom code. From a design concept to a polished and professional site, I can help you or your business bring your vision to life and provide ongoing maintenance and updates.

## Experience

**Limitless Solutions**
Web developer
**March 2017 - Feb 2021**

*During my tenure at Limitless Solutions from March 2017 to February 2021, I had the opportunity to contribute to a wide range of WordPress and Shopify development projects. I leveraged my expertise in WordPress to create custom websites, develop themes, and optimize functionality to meet clients' unique requirements. Working collaboratively with a talented team, I consistently delivered high-quality solutions that surpassed client expectations.*

**CodeStrokes**
Sr. Web developer
**March 2021- Jan 2023**

*In March 2021, I transitioned to the role of Senior Web Developer at CodeStrokes, a progressive and dynamic company. Here, I took on more advanced responsibilities, leading and mentoring a team of developers while tackling complex web development projects. With a focus on delivering cutting-edge solutions, I utilized my strong problem-solving skills and in-depth knowledge of WordPress to create seamless user experiences, optimize website performance, and enhance overall functionality.*
